

SPE Section and Division Investment plan  
(A service provided by SPE International)

Purpose

To provide Sections and Divisions with a risk-free opportunity to invest available funds and earn a more favorable interest rate without service charges or withdrawal penalties.

Guidelines

Each Section and Division is eligible to participate in this program by depositing \$1,000.00 or more with the Society (US Funds). Additional deposits should be in increments of \$500.00 or more. Each Section and Division on its initial entry into the plan will provide SPE International with a letter signed by the Section President, Treasurer and Secretary or Division Chairman, Treasurer and Secretary designating the authorized persons and signature of those granted the authority to invest or withdraw funds on the Section's or Division's behalf. Changes in authorized individuals under this program must be transmitted to SPE International.

Interest will be earned at a rate determined each January, based on the rates that SPE International is earning on long-term cash investments. Interest will be compounded monthly and credited to each Section or Division account. A monthly report will be provided to participating Sections and Divisions indicating the amount invested, additions and withdrawals and interest earned.

Sections and Divisions are required to give SPE International thirty (30) days notice of intent to withdraw any amount greater than \$10,000.00. There are no service charges or withdrawal penalties for this program. Withdrawals may be made with one authorized signature. Two signatures are required to close the account.

Records for this plan are maintained by the Accounting Manager at the SPE International.
